

THOUGHT FOR THE DAY

Edmund Rice Education Australia Touchstone Liberating Education

A Catholic School in the Edmund Rice tradition encourages all members of the school community to work to the best of their ability, to realise their potential and to strive for equity and excellence

On Wednesday July 19, the College Community gathered with parents to celebrate the wonderful academic achievements of students in Years 7-12 at our annual Semester One Academic Assemblies. At the start of the year, all students were encouraged to **rise to the challenge** in their academic, cultural, religious, social justice and sporting endeavours. These assemblies provide the opportunity to acknowledge the many fine young men at St Edward's who have set themselves learning goals for 2017 and worked hard in achieving these goals. Awards were presented in three categories.

Consistent Effort, Academic Achievement and Outstanding Academic Achievement. Students receiving the Consistent Effort award were identified by their teachers as displaying an ongoing commitment to their studies. Students who achieved an Academic Achievement Award are generally performing very well in each of their courses and students receiving an Outstanding Academic Achievement Award are the students nominated by their teachers as achieving the highset grades in most, if not all, of the subjects. Dr Chris Egan, the College Dux in 2007, attended the Senior Assembly and presented awards to our Year 12 students. It was very pleasing to see so many boys being acknowledged for their efforts. I would particularly like to acknowledge the Outstanding Academic Award winners. To achieve this meritorious award is a testament to their application and effort in all their courses throughout semester one. The names of students achieving this award are listed below. All students are encouraged to read carefully the feedback from their reports to establish areas for improvement. It is hoped that many more boys will receive awards at the Annual Awards Evening in December.

CANTEEN

The canteen is looking for any new volunteers to help in the canteen. This year our volunteer numbers have halved and we are struggling to get the amount of food made to feed our hungry boys. We try to give the boys good healthy choices at a minimal cost. If we don't get more help this will mean we will have to look for alternative ideas and prices will increase. We may also have to look at cancelling lunch orders on Fridays. If you have a spare day over the next two terms we'd love to have you help. You can contact the canteen through the College phone number – 4321 6400.

Thank you in advance

Sue Devetak (Canteen Supervisor)

40 HOUR FAMINE

James Anh from World Vision offered the boys on Friday an inspiring chance to support war-ravaged kids in Syria. The backpack concept was introduced and boys can gain 10 Waterford hours by completing the 40 Hour Famine 11th-13th August. St Edward's is proud to be moving towards the \$100000 mark for money raised over many years for 40 Hour Famine and World Vision.

Register at www.40hourfamine.com and parents must sign your son's Waterford Summary Sheet on completion and the college asks for a minimum of \$20 to be raised.

HOMELESS MEAL SUPPORT

St Edward's staff, students and parents have been volunteering at Gosford Uniting Church for some years at the Sunday lunch for our local disadvantaged people. The College thanks parents Louise Waymouth and Maureen May for managing the meal service. We are looking for a parent to join this group to help with the service. This event is approximately every six weeks and please contact me if you would like to join in this ongoing local need.

Thank you to the staff, students and parents who supported over the holiday period at Coast Shelter, Gosford Uniting Church, NAIDOC Week events, as well as sports clubs and parish support. Waterford is a wonderful opportunity to build team effort between staff, students and parents and we thank people for their generous spirit.

WATERFORD

A reminder that this compulsory program is due for all students in Years 8-11, by week 9 of Term 3. The College insists that every student submits the program and on time. Please contact me if you have any concerns.

Term 3 Waterford opportunities include:

SPORT

U/15 AFL SWANS CUP - NORTHERN FINAL - ST EDWARD'S V ST MARY'S, PORT MACQUARIE

On Friday 21st July our U15 AFL team competed against St Mary's to determine the northern champions for U15 AFL Swans Cup. We drove to Medowie, near Nelson Bay, and competed in ideal conditions, dry, sunny with slight winds.

Even though we were confident, while watching St Mary's warm up we realised that this game was going to be tough. The initial five minutes was hotly contested with St Mary's tails having a strong influence. Our backline stood up to this pressure with assurance and quickly turned the game our way. The boys played with skill and enthusiasm keeping the play mostly in our forward half though, our kicking for goal was slightly off and kept St. Mary's in the game. By half time our game and accuracy was back on track and by the end the third quarter we had a match winning lead. This enabled us to change the team positions around and give some of the backs added involvement.

The boys played very well as a team and as the game progressed, their ball handling and team skills were excellent. Mackenzie Zammit was outstanding in the ruck opposed to a much taller opponent though losing most of the hit-outs, his strong on ball presence resulted in winning many clearances. Cooper Ebrington dominated the clearances outpacing his opponents. Aiden Chambers also displayed excellent skills, impacting with constructive on-ball presence and effective use of the ball. He took an outstanding aerial mark and showed courage when needed. Sandon Smith also excelled as a forward. His body strength, fast movement and presence enabled him to cleverly kick the majority of our goals. As mentioned the back line led by Harry Walker and Alex Heazlewood were instrumental in keeping us on top of the contest.

Overall our tackling was effective and enabled St. Edward's to maintain consistent pressure with numerous turnovers leading to a comfortable victory on the day.

St Edward's 10 goals 10 behinds 70 points

St Mary's 5 goals 5 behinds 35 points

St Edward's now progress to play the State Finals in Sydney on 9th August.

Special thanks to Mr Fitt for his practicing and coaching of the boys in Mr Murray's absence, and for driving the bus on the day.

Ms Kiekebosch (AFL Ambassador)

OPENS BOYS FOOTBALL TEAM

Our travelled up the M1 to take on All Saints College Maitland. Played out on the Maitland Magpies home field, the boys were in the contest for the full match, unfortunately going down 2-1. The opposition were skillful, fast and very physical and our team, comprised of students from Year 10 to Year 12, matched them in all aspects and went far beyond the opposition in regard to sportsmanlike conduct. After conceding in the first half to a scrappy goal, a half-time talk and a shift in formation, St Edward's equalized through a stunning volley from Noah Pagden. Kai Bonnici made many important reflex saves that kept us in the match. Other efforts by Jesse Piriz had the Maitland defense on high alert, however a fast counter-attack down the wing and a lucky finish, moved the result in the oppositions favour.

The St Edward's team did not stop trying to the final whistle. Mr Beattie and I were very proud of the quality of football and the way the boys conducted themselves against a very strong football team.

NATIONAL CONSISTENT COLLECTION OF DATA FOR STUDENTS WITH A DISABILITY

The Nationally Consistent Collection of Data on School Students with Disability (the national data collection) is an annual collection that counts the number of school students receiving an adjustment due to disability and the level of reasonable adjustment they are receiving. This information helps teachers, principals and educational authorities better plan to support students with disability so that they may take part in school on the same basis as other students.

The national data collection provides an opportunity for schools to review their learning and support systems and processes with the aim of improving education outcomes for their students with disability. This will take place in August and only involves numbers, not personal information.
