WHAT WE WILL COVER TODAY

- ✓ Going to university and life as a uni student
- ✓ Study areas and what you can study at uni
- ✓ Other considerations including scholarships and extracurricular activities
- ✓ Connecting with us!

GOING TO UNI

- Achieve your career goals
- Over 100 different degrees, from 12 different study areas
- 4 main campus locations
- Experience campus life

LIFE AS A UNI STUDENT

SCHOOL

4 x 10 week terms

9am – 3pm 5 days a week, fixed timetable

Classes and include some lab/practical depending on the subject during class

English, Maths and electives for entire year

Teachers mark the roll each class and request notification from parent and guardians if you do not attend

Teachers will remind and ensure that you hand in assessments and homework

Support services provided to the student

UNIVERSITY

2 x 13 week semester

Varies depending on your own work/life commitments

Lectures, tutorials and labs

4 courses per semester, 8 per year

No one is making you attend. Completely the students' responsibility

Very much self directed. Students are responsible for preparing for classwork, assessments and studying for exams

Large number of support services available, student required to seek these out

CULTURE

ACCOUNTING AND FINANCE

Where could this take you?

- Accounting
- Financial Planning
- Business Analyst
- Real Estate Appraisal
- Operations Management
- Mortgage Brokering

Did you know?

You could build overseas financial experience with a range of international immersion activities like exchange, placements, study tours and short courses!

BUILDING AND CONSTRUCTION

Where could this take you?

- Construction Management
- Architecture
- Town Planning
- Property Development
- Facilities Management
- Project Management

Did you know?

At UON we offer a digital design studio for architecture students, equipped with world leading computational design technologies!

BUSINESS AND ENTREPRENEURSHIP

Where could this take you?

- Events Manager
- Sports Development Officer
- Entrepreneur
- Business Owner
- Member of Parliament
- Brand Manager

Did you know?

You can study in NeW Space, our new \$95 million facility!

Experience new-age learning and collaboration. Share ideas with innovators, start-ups, developers, technical specialists, business advisers and researchers in our nearby Innovation Hub!

COMMUNICATION AND CREATIVE INDUSTRIES

Where could this take you?

- Graphic Design
- Performance and Performance Management
- Curating
- Production
- Event Management
- Broadcasting

Did you know?

Communication students at UON learn in a full broadcast-quality digital television studio, radio studio, post production video and audio edit suites!

COMMUNITY SERVICES

Where could this take you?

- Speech Pathology
- Counselling
- Social Work
- Psychology
- Foreign Affairs and Trade
- Aid Work

Did you know?

We offer one-of-a-kind programs that provide you with unique skills like Development Studies - this is the only course in Australia to include Economics and Aboriginal Studies as core courses!

COMPUTING, MATHS AND TECHNOLOGY

Where could this take you?

- Meteorology
- Computer Science
- Computer Game Development
- Renewables
- Software Engineering
- Animating

Did you know?

At UON we have world class science facilities including nanoscience and chemistry laboratories, mathematics grid room and psychology clinic!

EDUCATION

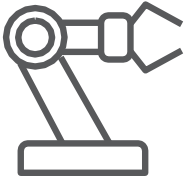

Where could this take you?

- Teaching
- Early Childhood Education
- Special Education

Did you know?

Our students teach mini-lessons to a live performing actor. They respond through an avatar's developmentally appropriate behaviours!

At UON you will teach live lessons - allowing pre-prac teaching experiences inside the safety net of a simulator!

ENGINEERING

Where could this take you?

- Robotics Engineering
- Web Development
- Urban Development Engineering
- Property Development
- Environmental Impact Consulting
- Structural Engineering

Did you know?

The NUbots team at UON develop software for robotic soccer and competes every year in the international RoboCup competition!

They have won the world title in the standard platform league in 2006 and 2008!

HEALTH AND MEDICAL SERVICES

Where could this take you?

- Doctor or nurse
- Radiography
- Midwifery
- Sports Dietitian
- Occupational Therapy
- Physiotherapy

Did you know?

Nursing and health science students gain clinical training at our state-of-the-art simulated hospital ward!

A new Radiation Therapy Simulation Lab with lasers gives radiotherapy students hands on experience!

LAW

Where could this take you?

- Foreign Affairs and Trade Officer
- Mediator
- Barrister
- Trade Union Official
- Political Advisor
- Lawyer

Did you know?

The University of Newcastle is the only Law School in NSW where graduates can practise law immediately without doing any additional study by completing the Graduate Diploma of Legal Practice within their degree study period!

SCIENCE AND THE ENVIRONMENT

Where could this take you?

- Sports Science
- Marine Biology
- Geology
- Climate Change Analyst
- Food Science
- Chemical Safety Engineering
- Environmental Science

Did you know?

All our degrees in this area incorporate practical training like fieldwork, lab work, and projects with industry partners!

SOCIETY AND CULTURE

Where could this take you?

- Community Arts Work
- Media
- Tourism
- Historian
- Set Design
- Aboriginal Education

Did you know?

At UON we mix humanities with the digital age with new approaches to learning like blended and online learning, digital streams and peer learning support circles!

HOW CAN YOU FIND OUT MORE INFORMATION?

- ✓ Speak to your **careers advisor**
- ✓ Visit the **University websites** (Wikipedia is not an accurate source...)
- ✓ Look at your **UAC guide**
- ✓ Attend **careers expos** and speak to ambassadors
- ✓ Speak to your **family and friends** to get their opinions
