## KLA CAREERS NEWSLETTER – JUNE 2020

### **SPECIAL MESSAGE REGARDING EVENTS LISTED AND COVID-19**

**Events listed are presented as reported from the home website at the time of collection from the news source. We strongly advise you check directly with the event organisers regarding the delivery of the event due to current restrictions.**

## **HSC SUBJECT KLA / FACULTIES**

### **CAPA**

Dance, Drama, Music, Visual Arts

#### **Sydney Actors School Acting Application and Audition Monologues**

If you are interested in applying to audition for our acting courses the online [Acting Application Form](#) needs to be completed. For further information please visit the [Audition Procedures](#) page.

Do you have stories to tell? Do you love to collaborate with passionate and creative people? Is acting what you want to do with your life? Do you need guidance and opportunity to 'make it'?

If your dream is to build a thriving career in the screen, stage and media industry, then Sydney Actors School is almost certainly the acting school for you.

<https://www.sydneyactorsschool.edu.au/apply/>

#### **Free Weekly Live Online Events at the Academy of Interactive Entertainment**

Each Tuesday at 5.30pm

Get a sneak-peak into the Australian and International games and film industry. From live chats with star alumni to industry experts discussing their current projects, AIE will be having free online events weekly Rego here:

<https://aie.edu.au/workshop/>

#### **AIE Open Day**

16 August

Discover the courses designed to get you started in game development, 3D animation and visual effects at the AIE Open Day. Sydney, Melbourne, Canberra and Adelaide campuses will be opening their doors to visitors eager to find out about upcoming full-time and part-time courses.

The day will include presentations on different areas of industry to get into as well as information about AIE full-time and part-time courses and entry requirements. Student work will be on display and our teachers will be available to speak with you one on one about our courses and how AIE can get you into a creative career.

### **Evatt NSW - Australia's Premier Debating and Diplomacy Competition**

#### **Now open for registration**

Evatt is a Model United Nations Security Council diplomacy competition for students in Years 9-12. It aims to educate young people about Australia's place in the world and empower them as active citizens by developing public speaking, negotiation, teamwork, research, and diplomatic skills. More than 2,000 students compete in Evatt. The competition takes the form of a mock session of the **UN Security Council**. Teams of two students debate, amend, and vote on a prepared resolution from the perspective of their assigned nation. The students judged the **most effective diplomats** proceed to the next round.

The competition is named after the notable Herbert "Doc" Evatt, who was an Australian High Court Justice and a leading Federal politician who became President of the UN General Assembly and helped draft the Universal Declaration of Human Rights.

## **P.D.H.P.E.**

Community and Family Studies, P.D.H.P.E.

### **ACU - I am an elite athlete or performer**

Future student applications remain open all year round

The Elite Athlete and Performer Program (EAPP) is designed to give students who are top sporting or artistic performers the tools they need to achieve balance across their active and academic lives.

The program comes with a range of benefits, including:

- adjustment factors to your entry score
- early timetabling
- academic support and flexibility (deferred exams, extensions, special considerations)
- access to financial scholarships and competition/travel grants
- networking and career development opportunities

<https://www.acu.edu.au/study-at-acu/admission-pathways/i-am-an-elite-athlete-or-performer>

### **MATHS and SCIENCE**

Senior Science, Biology, Chemistry, Earth and Environmental Science, Physics

### **LIVESTREAM Experience UNSW Science Day**

1 July

Have you ever wanted to experience what it would be like as a university student conducting research and experiments in a lab or in the field?

Let us take you on a journey through some of the branches of science that you can study at UNSW. You'll have the opportunity to ask questions and speak to our academic staff and current students.

Then, get a hands-on taste of what you can expect as a first-year science student - without leaving home! Your home will become the laboratory as our first year science lecturers take you through a university-level experiment using household items. This event is designed for high school students in Year 10, 11 and 12, who are keen to find out what it's like to study at UNSW Science.

<https://www.events.unsw.edu.au/event/experience-unsw-science-day-1>

### **The University of Melbourne Webinars**

2021 entry to the Doctor of Veterinary Medicine - Wednesday 10 June. 6:30 pm - 7:15 pm

[https://study.unimelb.edu.au/connect-with-us/meet-melbourne-graduate?in\\_c=study\\_evntlst&Australia\\_2020\\_SA\\$Campaign\\_SH\\_2020\\_AD\\_GP\\_MMG\\_study\\_evntlst](https://study.unimelb.edu.au/connect-with-us/meet-melbourne-graduate?in_c=study_evntlst&Australia_2020_SA$Campaign_SH_2020_AD_GP_MMG_study_evntlst)

### **COVID-19 and Climate Change - Event series**

Thu 11 Jun 2020, 12pm

Thu 25 Jun 2020, 12pm

Thu 9 Jul 2020, 12pm

Thu 23 Jul 2020, 12pm

Recent months have seen the COVID-19 pandemic emerge as a global crisis requiring immediate, wide-spread and evidence-based action. As countries have taken drastic measures to curb the spread of the virus, comparisons have arisen between the global response to COVID-19 and climate change. Despite their fundamental differences, they are both significant global challenges that require immediate action based upon scientific evidence.

So how and why have our responses differed, and what can we learn from the handling of COVID-19 to apply to our response to climate change?

<https://www.anu.edu.au/events/covid-19-and-climate-change-event-series>

### **Engineering 101 - Insights from MIT**

17 June. 6pm

Are you aiming to study engineering at university? Gain an understanding about the main branches of engineering and how you can start finding your path while in high school from current MIT mechanical engineering student, John Poliniak. Hear about:

- My experience at MIT, the world's #1 engineering university
- Why study engineering - future job prospects
- The highlights of the main engineering disciplines: mechanical, electrical and civil
- Popular sub-branches: aeronautical, chemical, biological and nuclear

<https://www.eventbrite.com/e/engineering-101-insights-from-mit-tickets-107015510272?aff=ebdssbeac>

### **ACU Talk with a Occupational Therapist and a Speech Pathologist**

17 June. 5pm

Join us online to hear from ACU alumni about their experiences improving people's quality of life. Take part in a Q&A session with our graduates to learn about the rewarding and challenging careers of occupational therapists and speech pathologists. Last year our panellists were a:

- speech pathologist at a paediatrics private practice
- occupational therapist at a private practice specialising in brain injury.

[Click here to register.](#)

### **Mathematics Prerequisites Course Listing – University of Sydney**

A listing of courses with mathematics requirements is listed lower down on this page's link. To apply for some courses, students are required to complete mathematics through their high school studies. The University has introduced mathematics course prerequisites for some courses from 2019 to help students thrive in their science, technology, engineering and mathematics related degrees and prepare them to tackle future career challenges.

<https://sydney.edu.au/study/how-to-apply/undergraduate/mathematics-prerequisite.html>

### **UNSW FEAS Scheme for Engineering – Keep an eye open on this one**

If you are expecting an ATAR between 83.00 and 92.95 and want to study at UNSW, we encourage you to apply for the Faculty of Engineering Admissions Scheme (FEAS). FEAS is an alternative pathway for students who want to study at UNSW but don't meet the Guaranteed Entry Rank (GE) of 93.00. FEAS applies to most UNSW Engineering undergraduate programs, including the double degrees with a GE of 93.

We will evaluate your ability in mathematics, physics and other sciences, design and problem solving, as well as attitude and motivation towards engineering studies.

Just remember, an application for the Faculty of Engineering Admission Scheme is not an application to Engineering at UNSW. You will still need to complete a UAC application by the due date. If you need more information on applying for admission to UNSW, visit the Universities Admissions Centre [website](#).

Call 1300 UNI NSW (1300 864 679) or ask a question [unsw.edu.au/ask-question](https://www.engineering.unsw.edu.au/ask-question)

<https://www.engineering.unsw.edu.au/study-with-us/alternate-pathways/faculty-of-engineering-admissions-scheme-feas>

### **UNSW Girls in Engineering Club Fun Activity June Challenge**

19 June

**Submit:** Make sure you upload it to the [Girls in Engineering Club Facebook group](#) or [Submit your sketch here](#) by the 19<sup>th</sup> of June 2020, and you'll have a chance to win prizes for participating!

<https://www.engineering.unsw.edu.au/june-challenge-water-sensitive-design>

### **UNSW Join the Girls in Engineering Club**

Designer. Communicator. Creative Problem-solver. Explorer. Team Player. Critical thinker. Inventor.

As an engineer, you are all these and more! Engineers enhance our lives every day, by creating innovative solutions to problems in our world.

And the world needs the powerful perspective of girls just like YOU.

The Girls in Engineering Club is a fun, inspiring community for high school girls who are interested in STEM, study maths or science at school, or who just want to explore what engineering is all about.

By joining the club you will receive:

- Exclusive invitations to Girls in Engineering Club events
- Monthly inspo delivered to your email, featuring profiles of amazing female engineers, study tips and tricks, blogs from our current engineering students, and loads of info to help you explore your career options in engineering
- Opportunities to be mentored by current female engineering students at UNSW
- The chance to win prizes through participating in fun STEM activities!
- Access to a closed Facebook community to connect with likeminded girls

<https://www.engineering.unsw.edu.au/study-with-us/girls-in-engineering-club-gie>

### **UNSW Engineering Day**

24 September 2020 - 8:30am to 3:15pm

Register soon.

Are you interested in experiencing the range of different engineering disciplines and careers available to you? At UNSW Experience Engineering Day, you'll have the chance to explore the innovative and creative ways that engineers solve real-world challenges.

High school students in year 10 and 11 are invited to choose an engineering theme which includes three interactive hands-on workshops at our UNSW Kensington campus.

Throughout the day you'll have the opportunity to speak to academic staff and current students to find out more about the various engineering degrees and opportunities on offer at one of Australia's leading Universities.

<https://www.engineering.unsw.edu.au/all-events/experience-unsw-engineering-day-1>

### **International Webinar Series: The Universe and the Future of Space - ANU**

15 June. 4pm

In the past few decades, rapid progress in technology has led to a complete change in our view of the Universe. In the next few decades, will this change even more as we become an inter-planetary species?

ANU expert and Astrophysicist Brad Tucker will talk about some of these discoveries: from planets around other stars, to exploring the Universe and maybe even visiting other planets, and show we are now turning science fiction into reality.

Register now to participate:

<https://www.anu.edu.au/international-webinar-series-the-universe-and-the-future-of-space>

### **H.S.I.E.**
