

Webinar - A local conversation on Careers in the Building & Construction industry

INTENT

Designed for students, youth and parents, this webinar will be discussing the range of roles and pathways available in the building and construction industry.

The presenters will share their experiences and journey designed to :

- To understand the recruitment processes, employer expectations, job opportunities and where to look for such careers
- Increase awareness of job roles and career pathways
- Mentor young people to become "job ready"
- Help students understand and develop the skills they need to get a job
- North Construction & Building recruitment expectations for the current Carpentry Apprentice positions open for 2021
- Opportunity for Q & A with the presenters

PRESENTERS

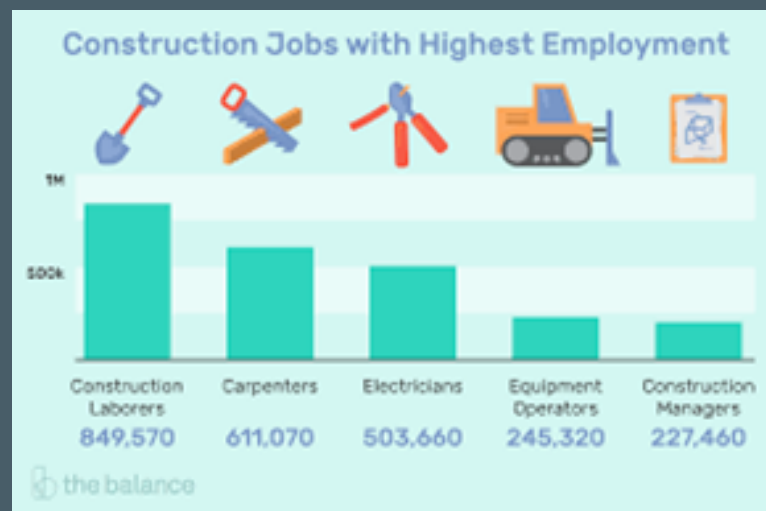

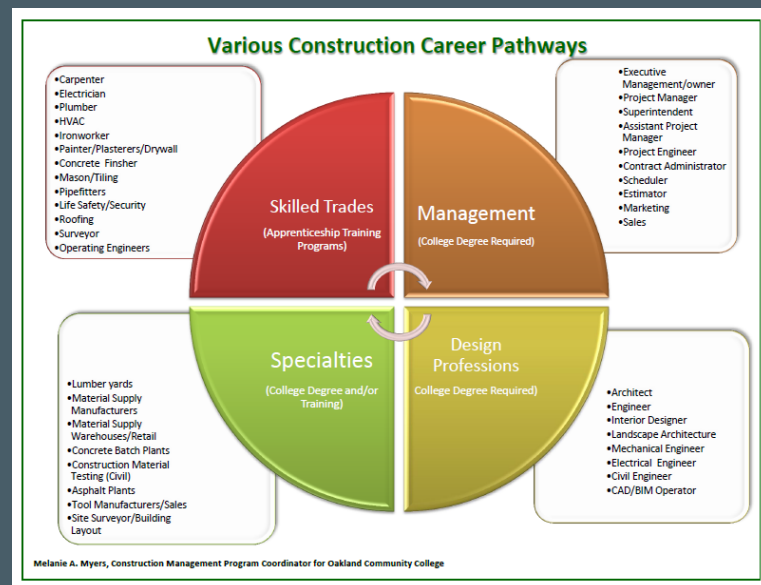

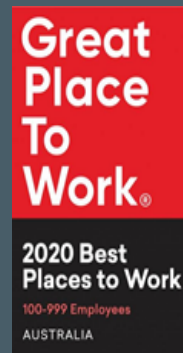

Key Industry speaker -
North Construction & Building

- Management Representatives
- Apprentices
- Cadets

Date Monday 28th September
