ENGLISH

Sydney Writers Festival Student Sessions 2021 - Secondary School Days 2021

30 April – 4 May

Hear from Australia's most exciting literary talents

The Secondary School Days program is a wonderful opportunity for students to listen, investigate and question, alongside some of Australia's leading writers for young adults.

Throughout the day, these writers inspire and challenge students through a thoughtful discussion of literature and ideas. The program is designed to grow students' enjoyment of books, writing and reading by providing them with new perspectives, insight into writing processes and encouragement to consider their own creative pursuits.

During four 45-minute sessions, writers and illustrators perform from their work, talk about their craft and take questions from the audience.

Read more here:

HSC Preparation Course - Years 10-12 Course: Essay Writing

This two-day Essay Writing course focuses on the essay form and related critical thinking, language and punctuation skills for students in Years 10 – 12. The course is relevant to a range of subjects that require the writing of essays for assignments and exams.

<https://cce.sydney.edu.au/course/ESH2>

Journalism Courses in Your Senior Years

Would you like to try some journalism subjects without doing the full diploma? Studying journalism can develop your writing and research skills, as well as introducing you to the exciting world of media.

You may now apply to enrol in one or two subjects from the Diploma of Journalism. Eligible students would benefit from a strong interest in news and current affairs. Access to a computer and internet are essential.

Introduction to reporting & newswriting

JR101 covers basic reporting and news writing and helps you develop news gathering and interviewing skills.

Shorthand

JR100 concentrates on developing skills in writing and transcribing Teeline shorthand. This is an invaluable skill for the rest of your life for accurate and quick note taking.

History, Literature & Language for Journalists:

An overview of key issues in history and the English language plus literature of note. Included in this unit is an introduction to reviewing skills, including travel, dining, music, movie and book reviews.

Charles Sturt University Medicine Information Night - Interested in a career in medicine?

Wagga Wagga

Tuesday 16 March 2021, 6.00–7.30pm

Charles Sturt University, Wagga Wagga campus

Orange

Monday 22 March 2021, 6.00–7.30pm

Charles Sturt University, Orange campus

Bathurst

Tuesday 23 March 2021, 6.00–7.30pm
Charles Sturt University, Bathurst campus

Online event

Tuesday 4 May 2021, 6.00–7.30pm

Online

Come to our free medicine information night and discover everything you need to know about our five-year undergraduate entry degree, the Doctor of Medicine. It's a Joint Program in Medicine offered by Charles Sturt University in partnership with Western Sydney University.

Whether you're in high school, looking for a career change or keen to take the next step in your health career – this information night is for you! Parents and career advisers are also welcome.

We'll start with an overview of the course and our facilities, entry requirements and how to apply. We'll tell you about clinical placements, career opportunities, support services, scholarships and more. Then you'll have a chance to mingle with our School of Rural Medicine team and chat with current students.

You will get to know our team, have all your questions answered and hear about the experiences of rural and regional doctors.

Book your spot quickly! Numbers at our on-campus events are limited due to COVID restrictions.

Find a medicine information night near you

Sydney UTAS – Nursing in 2 years fast track degree

Direct applications to the University of Tasmania open in August.

Nurses make up the largest health professional group in the world, and a nursing career offers varied opportunities in many healthcare settings and areas such as acute care, addiction, child and family health, community, emergency, mental health, midwifery, oncology – just to name a few.

We offer a two-year fast-track Nursing degree from our campuses in [Rozelle](#) and [Darlinghurst](#). As a student, you will work with experienced industry partners including hospitals, local health districts and aged care facilities in Sydney, giving you the hands-on practice that employers value and actively look for in graduates.

On graduation, you will be eligible to apply for registration as a nurse, and ready to begin an exciting career.

<https://www.utas.edu.au/courses/chm/courses/h3r-bachelor-of-nursing-fast-track-rozelle>

UTAS Paramedicine in 2 years fast track degree

Direct applications to the University of Tasmania open in August.

Paramedics provide care to patients in the community and out of hospital settings. This field demands both highly developed clinical skills and the ability to think critically, even in stressful situations.

We offer a two-year fast-track degree from our Rozelle campus, preparing students with opportunities to learn in simulated environments and in the real world. Students practice in the University's ambulance simulation vehicles and at various ambulance stations and other specialist health facilities, like hospitals and aged care.

Paramedics are required to treat patients across the spectrum of illness, from motor vehicle accidents and other severe trauma, to complex medical and mental health cases. They work closely with their colleagues, often in situations that are both physically and emotionally challenging.

If you are compassionate, committed and want to make a difference in your community then a career in Paramedicine may be right for you.

<https://www.utas.edu.au/courses/chm/courses/53a-bachelor-of-paramedic-practice>

Apply Now - Experience in 2021 a week as a Marine Biologists - UTAS Marine Discovery

This predominately field-based unit consists of 5 days on picturesque Maria Island on the Tasmanian East Coast. The unit is open to 24 students and is designed to engage, challenge, excite and inspire you through a hands-on marine science program. It will encourage you to explore issues threatening biodiversity as well as the productivity of the marine system. Climate change, invasive species, pollution, debris and their associated social and economic impacts will be covered.

Apply here:

<https://secure.utas.edu.au/jmas/study/undergraduate/marinediscoverycompetition>

Study Marine Biology with Uni Credit in your senior years at school - UTAS

- Get credit for one unit towards your degree at the University of Tasmania
- Learn practical techniques normally taught on the job or at University
- Spend five days on Maria Island exploring the marine environment
- Day six is spent presenting your research findings in Hobart at the state-of-the-art Institute for Marine and Antarctic Studies
- This unit is offered via the [University Connections Program](#) at the University of Tasmania, and open to all year 11 and 12 students in Australia

This unit, *A practical introduction to temperate marine biology*, is an introduction to our Bachelor of Marine and Antarctic Science. [View more information about the course here.](#)

<https://www.utas.edu.au/courses/cse/courses/p31-bachelor-of-marine-and-antarctic-science>

The Science and Engineering Challenge conducts Challenge Days (for year 9-10 students) in partnership with local organising committees right around Australia. This year, a total of eight activities are offered. Each activity is available, albeit in a slightly different form, for Discovery and Challenge Days. See below for the current suite of activities.

Each year one or two of the activities are replaced with new or refreshed ones. At a State/Territory Final, the activities are made a bit harder and students are not allowed to preselect. At the National Final, teams are randomly allocated to one or two of the eight secret activities! This means that the activities are always fresh and engaging. There is a location nearest to you here:

<https://www.newcastle.edu.au/about-uon/governance-and-leadership/faculties-and-schools/faculty-of-engineering-and-built-environment/science-and-engineering-challenge/events>

Big Science Competition

In 2021, the Big Science Competition is free. Registration opens soon. Stay updated by [subscribing to our newsletter](#).

Students self-register for the Big Science Competition via our registration portal. If their school is not participating in the Big Science Competition, students can register and sit the Big Science Competition without their school's involvement. Big Science Competition can be completed at any time during the competition dates, either at school or at home.

In 2021, the Big Science Competition will be hosted online. There will not be a pen and paper option.

The Big Science Competition is open to international schools and students. We encourage you to [subscribe to our newsletter](#) to stay up-to-date about registration dates.

Home schooled students are welcome to take part and may sit the competition at home.

Please contact us for further information: asi@asi.edu.au

University of Sydney - 2021 Kickstart HSC Science Workshops – Biology, Chemistry, Physics

Event update: 2021 Bookings

A workshop for HSC science students

Kickstart workshops give HSC students a chance to do experiments and demonstrations of key ideas in the syllabus that are difficult to do in the classroom.

Due to the ongoing consequences of the Covid-19 health restrictions, on-campus Kickstart programs are cancelled and unbookable until further noticed. We will be issuing our [Science Alliance network](#) an update on our on-campus programs in April 2021 and expect that the earliest that our in-person programs can open is from June/July 2021 at the earliest.

We are now running virtual kickstart programs for biology, chemistry, mathematics and physics. Please visit the [Virtual Kickstart website](#) for details.

If you have any queries regarding Kickstart workshops or Kickstart on the Road, please contact science.kickstart@sydney.edu.au.

<https://sydney.edu.au/science/industry-and-community/community-engagement/kickstart-science.html>

Where to Study Surveying – Plan the Land

Whether it's University or TAFE find all your options on one page here:

<https://www.alifewithoutlimits.com.au/study/where-to-study-nsw/>

Unmet Demand for Surveyors

By 2023, there is expected to be a gap of 302 registered/licensed surveyors.

While many industries are currently suffering a drop in available jobs, this is certainly not the case for the surveying profession. Recent graduates can feel confident in finding work and enjoying a secure and lasting career. The Australian Government has also [reported](#) that the current labour market rating for 'surveyor' has been classified as 'shortage'. Vacancies are not being filled and on average there aren't enough suitable applicants per vacancy. In particular, New South Wales and Victoria are reporting the most significant shortages.
<https://www.alifewithoutlimits.com.au/increased-demand-for-surveyors/>

Over 1000 Apprenticeships & Traineeships now available

Group Training Organisations (GTOs) have over 1000 open apprenticeships and traineeships across the Sydney Metro and Regional areas. Many targeting school leavers. For more information and to contact a local GTO and visit: The Apprentice Employment Network represents 28 Group Training Organisations across NSW and the ACT. Group Training is a training and employment arrangement where an organisation, known as a Group Training Organisation or GTO, employs apprentices and trainees under an Apprenticeship / Traineeship Training Contract and places them with host employers.

A GTO assumes the employer responsibilities for the quality and continuity of the apprentices' and trainees' employment and training. The GTO also manages the additional care and support necessary to achieve the successful completion of the training contract.

Our industry has 100s of positions available through out the year. Use this website to assist in finding out more about our members, opportunities and tips to find a job.

Love Flying? Ask your parents to start planning your 2021 - Avalon International Airshow

26 to 28 November 2021

Avalon Airport

The skies above Avalon are set to erupt when the Australian International Airshow returns!

It's going to be a huge weekend of high octane excitement and fun for the whole family.

The Centenary of The Royal Australian Air Force.

This once in a lifetime event will bring together the largest variety of RAAF assets ever assembled at Avalon, including historical and modern aircraft spanning the 100 Years of the Royal Australian Air Force.

And they'll be joined by a cavalcade of civil aircraft including historic barnstormers, breath-taking aerobatics and the latest jet power from around the globe.
