AFTRS Scholarships Now Open for 2022

To inspire creativity and innovation, we want to work with students from diverse backgrounds. To achieve this, we offer a range of scholarships that recognise excellence and assist with the costs associated with higher education. Education is a worthwhile investment in your future, and there are a variety of options to help you reach your study goal.

A variety of financial support options, which you may be able to access include AFTRS Scholarships, AFTRS Special Finance Assistance and Government support: FEE-HELP, Youth Allowance, Austudy and Abstudy.

Questions? Contact AFTRS Student Centre on 1300 223 877 or studentinfo@aftrs.edu.au.

Djurali Youth Art Careers Workshop at MCA Sydney

Online djurali will take place over Zoom across 4 days from 10:30-12:30pm, 14 to 17 September 2021. We are inviting Aboriginal and Torres Strait Islander young adults aged 14-18 to join us for our upcoming djurali workshops. Led by our artist educators and Aboriginal and Torres Strait Islander Learning Coordinator, djurali is an opportunity to experience artist-led creative learning workshops and hear from people working and studying in creative and cultural fields.

djurali means “grow” in the language of the Gadigal people, the traditional owners of the land and waters the MCA is situated upon.

If you're a young aspiring artist, apply now!

<https://www.mca.com.au/learn/schools/djurali-program/>

DESIGN Canberra Photography Competition

Closes 30 September 2021

Open to primary and high school students.

DESIGN Canberra's photography competition returns for 2021 exploring design in the 1970s.

DESIGN Canberra's annual photography competition has announced its theme for 2021, encouraging professional and amateur photographers to take photos which take a closer look at Canberra's iconic design and architecture from the 1970s.

Entries need to be submitted on Instagram, between 16 June and the 30 September 2021. For entries to be considered, participants will need to follow and tag @designcanberrafestival and hashtag their photographs with #designcanberra #dcphtocomp2021 and #student if you are a primary/high school student.

<https://designcanberrafestival.com.au/highlight/design-in-the-70s-photography-competition/>

Australian Photography Awards Students and Juniors Category 2021

Entries close 18 October 2021

Australian Photography Awards is one of the largest and most progressive photographic awards in Australia. Since 2016 we have been immersed in the discovery and sharing of big ideas through photography. In 2021 we seek to recognise work that can open important dialogues and expand our understanding of the world. Secondary or tertiary students automatically go in the running for the Student Award after submitting a paid entry into any of the other categories. We also have a Junior category for people aged 15 and under.

MATHS and SCIENCE

Investigating Science, Biology, Chemistry, Earth and Environmental Science, Physics

UTS – Science - Entry Pathway Through Aptitude Assessment

Registration closes midnight 9 January 2022.

Monday 17 January 2022, 10:00 am (& 1:30 pm subject to registration numbers). Please be ready for both sessions. The aptitude assessment is an opportunity for students to demonstrate their potential, and possibly secure an offer to study at UTS Science. The assessment is designed to assess your analytical and critical thinking skills. It is a general knowledge-based assessment and there is no need to study for it.

<https://www.uts.edu.au/future-students/science/essential-information/application-info-and-fees/entry-pathway-through-aptitude-assessment>.

UTS Science and Maths Undergraduate Scholarships

UTS Science awards hundreds of scholarships each year. Some are in recognition of its current students' achievements and others to encourage future students to take up a science or mathematics degree.

For local undergrad students:

[Science Dean's Scholarship](#)

[Science High Achievers Scholarship Program](#)

[Science Indigenous Scholarship](#).

For international undergrad students:

[UTS Science International Diploma to Degree Scholarship for Excellence \(UTS College\)](#)

[UTS Science International Diploma to Degree Scholarship for Excellence \(Polytechnics in Singapore\)](#)

[UTS Science International Award for Australian Year 12 Students](#)

[UTS Science International Award for Excellence \(Undergraduate\)](#)

<https://www.uts.edu.au/study/science/essential-information/scholarships-and-prizes>

UTS Support your UAC application with the Engineering and IT Portfolio

Submit your portfolio by Sunday 12 September 2021 at 11.59pm AEDT for it to be included in both your Early Entry Program – Edge application and UAC application.

Submit your portfolio by Friday 26 November 2021 at 11.59pm AEDT for it to be included only for your UAC application.

If you fall short of the ATAR by 1–3 points, we'll still consider your application if you submit the portfolio and demonstrate a strong motivation to study engineering or IT.

<https://www.uts.edu.au/study/information-technology/essential-information/it-portfolio-year-12>

UTS Women In Engineering, IT, Construction 10 Adjustment Points

If you're female and have applied for selected engineering, information technology or construction project management courses, you're eligible to receive 10 adjustment points. These adjustment points are automatically applied (no additional application required) and contribute to your selection rank. See the full range of degrees here:

<https://www.uts.edu.au/future-students/undergraduate/admission-requirements/admissions-schemes/specific-study-area-schemes/women-engineering-it-and-construction>

UNSW Medicine Application

International applications: closes 30 November 2021

Local and Rural applications: closes 30 September 2021

Your application to study medicine at UNSW requires several steps. Make sure you review our Application Process as well as the key dates below to ensure you complete all the requirements.

Due to the current situation with COVID-19 and related travel restrictions, UNSW Medicine has made the decision to conduct all interviews for entry into the BMed/MD program for Term 1 2022 online. This means that applicants will not be required to come to one of our campuses for a face-to-face interview, but instead join the interview online from home. You can find further details on our [UNSW Medicine Online Admission interviews – Information for applicants](#) factsheet.

[Important Dates | Medicine - UNSW Sydney](#)

Reminder Deadline Soon - UNE and UON Joint Medical Program

Closes 30 September

Providing you have completed Step 1 here are the remaining Steps:

Step 2

Applications will open in August. You will have the opportunity to review your application after it has been submitted. For details and instructions on how to apply, please download the [online application instructions](#). Applications close 30 September 2021. Late applications will not be accepted under any circumstances.

Step 3

Submit your early bird application through the [Universities Admission Centre \(UAC\)](#) by 30 September 2021. Late applications may be accepted by UAC, but late fees apply.

You must include Joint Medical Program at the University of Newcastle/University of New England among your preferences. You can't change your preferences to add this program after 1 December 2021.

The Joint Medical Program is now included in the Educational Access Scheme. Through the Educational Access Scheme (EAS) you can get up to four additional adjustment points if you have experienced educational or other disadvantage. For more information about the EAS see [here](#).

Please visit the [UAC website](#) for more details.

<https://www.newcastle.edu.au/joint-medical-program/how-to-apply>

Discover Engineering (ACT/NSW)

Check 6 October 2021

A full day of activities covering many areas of Engineering and incorporating the Engineering Design Process (Design thinking). This program is aimed at year Year 7 to Year 10 students.

Zoomed into your classroom, with activities facilitated by University students representing Engineers without Borders; Cool Aeronautics; and F1 in Schools.

For more information, please contact stemnsw@engineersaustralia.org.au.

<https://www.engineersaustralia.org.au/node/43356>

Plan After Restrictions - Medical Internships Abroad Programs

A Medicine & Healthcare internship with Projects Abroad is a fantastic opportunity to get first-hand experience of global healthcare issues and deepen your understanding of health and medicine.

You can do your medical internship abroad in a hospital, medical centre or in care homes in a huge number of developing countries around the world.

You can choose from a range of fields related to Medicine & Healthcare:

- General Medicine
- Nursing
- Midwifery
- Physiotherapy
- Public Health
- Nutrition
- Occupational Therapy
- Speech Therapy
- Dentistry
- Pharmacy

Don't Miss Careers with STEM: Technology

21 October. 12.00 to 1pm

Technology is the key to a fairer, healthier, brighter future. This webinar will explore how today's young people could become part of globally important work as diverse as new energy, environment and sustainability, solving poverty and pandemic response, fighting climate change, politics and law, and also jump into growing sectors from mining and retail to cloud computing.

We will highlight that technology is for everyone and there are diverse paths to get there, showcasing people who've got work for exciting companies, and self-starters who are making their own career journeys.

Plan Beyond Lockdown - Projects Abroad Conservation & Environment Project

Once you have volunteered on a Projects Abroad Conservation & Environment Project, you'll never quite see the world in the same way. You'll experience the extremes of nature while being part of an international team that are bonded by one common goal: to protect our planet for years to come.

Our projects cover an incredible range of environments and species, so you can volunteer on a project that lets you pursue your passions, whether that's coral reefs or rainforests, elephants, or turtles. Once you know what time of year you can volunteer and where you want to go, we can help you think through what area of conservation to specialise in.

You'll support real environmentalists and scientists, as well as people from the local community. You'll also get the chance to develop important skills for working in this field, such open water diving.

<https://www.projects-abroad.com.au/volunteer-abroad/conservation-and-environment/>

H.S.I.E.

No need to Apply for Smart and Skilled Fee-Free Scholarships

You do not need to apply.

If you meet the Fee-Free Scholarship eligibility criteria (see information in link below), we will tell you if you are eligible when you enrol.

The NSW Government's new Smart and Skilled Fee-Free Scholarships mean that students can get the skills they need to get the job they want and their course fees will be covered.

Young people (aged 15-30) who meet the Smart and Skilled Fee-Free Scholarship criteria are eligible for a government subsidy which covers their Smart and Skilled course fee.

Eligible students can receive a single Fee Free Scholarship in a financial year, and two Fee-Free Scholarships across 4 financial years.
