### HOME-BASED OPPORTUNITIES

<b>Year 8 only</b>	<p>Assisting parents outside of normal chores and duties. Some examples include babysitting, garage sale, painting shed/house, gardening.</p> <p>As Year 8 are only beginning their Waterford journey, there is a focus in Waterford in the home. Whilst it may not be assisting the wider community, it is a great stepping stone to understanding service and giving up our time for others.</p> <p>Year 8 are encouraged to extend themselves beyond the home opportunities!</p>
<b>Years 8 - 11</b>	Assisting younger siblings or relatives in terms of reading, sporting skills, music tutoring etc.

*While St Edward's College encourages students to participate in community service activities, the safety of our students is of utmost importance. For that reason, there are a range of activities that we do not recommend. These include, but are not limited to, assisting in nursing homes, neighbour's homes and other activities or venues which require volunteering/working with adults who are not family members. The College endeavours to offer a range of approved Waterford activities throughout the year. For more information or guidance on safe activities, please contact the Leader of Justice, Peace, and Advocacy.*
