14 August 2023

Dear Parents and Carers of Year 8 students

Year 9, 2024 Subject Selection Information Night – Thursday 24 August

Year 8 students will soon have the opportunity to choose two elective courses that they wish to study in Year 9 and 10.

Two elective subjects and two reserve subjects will need to be chosen. Our advice is to always choose electives that are of genuine interest and that will be enjoyable to study. Please note that while some elective courses in Year 9 and 10 will prepare students for studying similar subjects in Year 11 and 12, the subjects you elect to study in Year 9 and 10 will not limit your options for selecting courses in Year 11 and 12.

To ensure students and their parents/carers have the opportunity to explore courses on offer and ask questions regarding these options, families are invited to attend an Information Night in the College ERC on Thursday 24th August from 6.30pm to 7.15pm.

The Year 9 (2024) subject handbook will be available next week. Student's will be using an online program called EDVAL to make subject selections - instructions and a unique web code will be provided during Maths lessons following the information night.

Kind regards,

Lachlan Butt
Director of Curriculum
