Dear Year 12 (2024) Parents and Carers

Last week, your son set himself two learning goals for this term, based on his recent Preliminary Course report. These goals link to the Learner Profile and your son has committed to working towards these goals across all his subjects.

Parents are able to access their son's goals via the portal. The attached document shows you how to do this.

If Xzavier does not have a goal setting document it is because he was either absent from school when the goal setting was done in class, or on a VET work placement.

With a view to supporting your son's learning journey, the College encourages all parents to review the learning goals with your son, and discuss the actions required to achieve them.

Teachers also have access to each student's goals with the intention of facilitating conversations about these at school.

If you have any questions, please don't hesitate to ask.

Warm regards

**Tom Anderson**
