

7 February 2024

Dear Year 11 Parents and Carers,

Following up on the previous email sent from Mr Tom Anderson in the first week back, I would like to remind parents about an important event this Thursday, February 8, 2024. The College will host an information evening tailored to your son's journey through Year 11. This event carries significant importance for your involvement in Noah's educational path.

The session will take place in the ERC Foyer from 7:00 pm to 8:15 pm. It is vital to highlight that this is an on-site event and will not be recorded. However, a comprehensive summary information sheet will be disseminated to parents following the event.

Please be aware that this evening is specifically designed for parents and carers; students need not attend. It's imperative to note the location, as another Year group will have a simultaneous information evening.

The agenda for the evening includes essential topics such as:

1. Welcome from Mr Mark Bonnici, College Principal
2. Curriculum information by Mr Lachlan Butt, Director of Curriculum
3. Year 11 pastoral theme by Mr Alex Powell, Year 11 Pastoral Leader
4. Information regarding your son's wellbeing and pastoral care by Keith Mills, Director of Pastoral Care and Student Wellbeing
5. Supporting your son's learning, presented by Mr Tom Anderson, Director of Teaching and Learning
6. Careers information provided by Mrs Juliana Dignam, Leader of Learning – Careers/Vocational Education & Training
7. Closing remarks from Mrs Jodie Connor, Deputy Principal

We appreciate your support for this important evening. Please indicate your intention to attend by filling out this form: <https://forms.office.com/r/cucAV0Eiah>

We look forward to your participation in this significant event.

Kind regards

Mark Bonnici  
Principal
