Sport Events

All individual sports registrations are completed on the [CSNSW.SPORT](https://csnsw.sport.nsw.gov.au/) website. Parents must have an account and add their child to have access. (Sport Registration HELP is available on sport information page).

Registration for Events

You will need to 'create account,' if you do not have one OR 'login' using your existing account (NSWCCC or Polding). Once logged in, click on 'register my child' and follow the directions to register your son.

Portal details update – Parents need to go in and update details (ie. Child's school year and new school – Year 7). Check this has been done if you cannot see registration options (you should be able to).
