Australian
EQUINE INSTITUTE

CHOOSE YOUR ADVENTURE!

The ACM20221 Certificate II in Horse Care and ACM30821 Certificate III in Horse Care are Nationally Recognised Qualifications that can be completed via our interactive E-learning (online) platform.

Answer the questions below to choose which adventure may be best for you!

1

- Do you want to learn it all, be workplace ready and FULLY equipped to excel in your dream career with horses?
- Do you want to gain as much knowledge as possible about your equine friend?!

2

- Are you a student or worker with a heavy workload?
- Are you new to horses?
- Do you want to learn more about your equine friend

ACM20221 Certificate II in Horse Care

The Certificate II is our entry level qualification recommended for students who have a heavy workload at school or work but still want to dip their toe in to the equine world.

This course has been developed to give you confidence and build your equine skills and knowledge, leading you towards a fulfilling career in the equine industry.

2

ACM30821 Certificate III in Horse Care

The Certificate III is more extensive and covers a range of topics that give our students the foundation knowledge needed to thrive in any equine environment. The Certificate III is recommended for people who can handle a larger workload and are wanting to get straight into knowing it ALL.

1

This course has been developed to give you confidence and create the perfect foundation for any equine career path, putting you right on track to have a successful career within the industry.

CAREER PATHWAYS CAN INCLUDE:

- Vet Nurse
- Equine Dentist
- Yearling Prep
- Stable Manager
- Jillaroo/Jackaroo
- Stable Hand
- Strapper
- Trail Ride Leader
- Track Work Rider
- Broodmare Assistant
- Exercise Rider
- Riding School Instructor
- Horse Breaker

ENTRY REQUIREMENTS

Upon enrolment into this qualification, all students must:

- Undergo a literacy and numeracy assessment.
- Be 15 years or over
- Be physically able to perform practical tasks
- Have access to 3 calm, consistent and obedient horses for practical assessments

As part of this qualification, all students are required to have a suitable supervisor (over the age of 18) present for all practical tasks, who can ensure safety is maintained while the practical tasks are performed.

COURSE DELIVERY

The ACM20221 Certificate II in Horse Care (13 units) and ACM30821 Certificate III in Horse Care (18 units) are both self-paced qualifications.

Students are given 24 months from the date of enrolment to complete their qualification.

Online Learning

Students will be granted access to the Online E-Learning Student Portal. This is where all learning resources and the theory and practical tasks will be allocated. Students can upload any practical footage and message their assessor directly.

The online system allows students to receive immediate access to their course content after enrolment and will get direct feedback through the portal from their assessor after assessments have been marked.

This delivery is great for students who thrive on being able to work from any location without having to carry books and is ideal for school students completing work in assigned class time.

PRACTICAL COMPONENTS

Each unit contains theory and practical components. To complete the practical tasks within this course, students are required to have access to 3 calm, consistent and obedient horses (these horses can be your own, borrowed or leased).

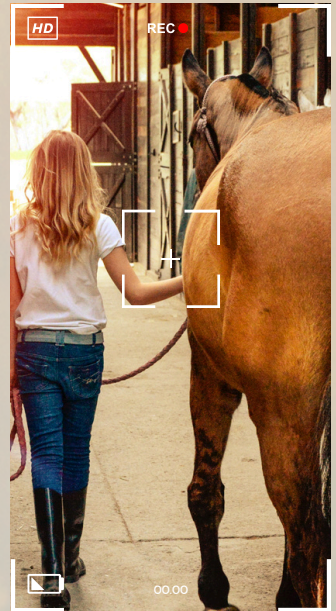

The following tasks are included in the assessments, including handling, transporting, lunging, and administering First Aid for horses.

This course is designed for students to be able to complete from anywhere in Australia. To achieve this, we use a variety of methods to conduct your practical assessments.

These assessment methods include:

- Video submissions
- Projects
- Portfolios of documentation
- Third-party observations

For many units within the qualification, students have an option to either have their practical task videoed and submitted for assessment with our AEI assessors, or, **students will be able to utilise a third-party coach for practical assessments if they have access to a credible and qualified coach. (Please contact our office to discuss.)**

INTRODUCTION TO HORSE CARE

Are You New to Horses?

Start Here – This Course Was Made for You!

Whether you're dreaming of owning a horse, working with them one day, or just want to learn how to care for them properly—this is the perfect starting point. Our Introduction to Horse Care course is designed specifically for beginners. You don't need experience or your own horse—just curiosity and a passion to learn.

- ✓ Five easy-to-follow, self-paced modules
- ✓ Interactive activities and quizzes to reinforce your learning
- ✓ A Certificate of Completion once all modules are successfully completed
- ✓ Student support available every step of the way
- ✓ Only \$399

Who's it for?

- Anyone aged 12+
- First-time horse lovers
- Students not ready for a full qualification but eager to learn
- Those without access to a horse who still want to gain foundational knowledge

What You'll Learn:

- Module 1: Equine Anatomy and Features
- Module 2: Understanding Horse Behaviour
- Module 3: Safety and Handling Techniques
- Module 4: Horse Grooming Fundamentals
- Module 5: Nutrition and Feeding
